# ***License Plates and Parking Placards For Persons with Disabilities***

ILLINOIS DOCUMENTS

JUL 24 2000

ILLINOIS STATE LIBRARY

**Jesse White**  
Secretary of State

For nearly 25 years, the Secretary of State's office has issued special license plates that allow persons with disabilities to park in reserved parking spaces.

In 1984, the program was expanded to include special parking placards for drivers or passengers who are disabled. Eligibility requirements also were expanded to allow a greater number of qualifying individuals to get parking privileges.

Currently, qualified applicants can get a permanent parking placard, good for four years, or a temporary placard, good for up to six months, at no charge.

As Secretary of State, I realize how important these plates and parking placards are in keeping persons with disabilities independent and mobile. This brochure will help you determine whether you qualify for special parking privileges and how you can obtain them.

Sincerely,

JESSE WHITE  
Secretary of State

## **Parking Privileges**

- Allows authorized vehicles to park in areas specifically reserved for persons with disabilities.
- Vehicles are exempt from parking meter fees or time limitations on parking, except at meters, signs or other markings with time limitations of 30 minutes or less.
- Plates and placards for Illinois persons with disabilities are honored nearly nationwide.
- Plates and placards do not permit vehicles to park in areas where parking is prohibited (such as "NO STOPPING" and "NO STANDING" zones, in front of or near fire hydrants, loading zones, etc.). Vehicles also are prohibited from parking in any manner that creates a traffic hazard.

*NOTE: Parking privileges apply only when the disabled individual is present and exits or enters the vehicle. The parking placard or plates must be displayed when the vehicle is being used for his/her transportation.*
